SMART
LIGHT STRIP

Activity modes Setter

Tailor your environment with various preset modes depending on the day's rhythm, be it "study mode" or "relax mode."

"Guiding college students to tranquil slumbers every night"

"Customise"Your Dreams

Personalize your room's ambiance with a color palette. Sync it with your mood or circadian rhythm for a serene transition to dreamland.
About Team   -- Atonia

Our team composed of students studying interaction design, is dedicated to enhancing front-end design and programming. Our shared interests revolve around health-related topics, industry, and innovation.
MUSIC

Soundscapes

Dive into a rich library of sounds, from gentle waves to nighttime forest melodies.

Sound share with others

Craft your sleep playlist or discover others.

CHOOSE US?

01 Holistic Sleep Ecosystem
Explore a realm of adaptable illumination and personal comfort. Nights become peaceful regeneration journeys.

02 Harmonize and Connect with the Intelli-Community
